

How to book your accommodation

Please read the information on Greenmount Resort on the next page

Greenmount

the venue for our meetings - see review on next page

Call or email Greenmount, let them know you are part of the AIMBI conference and you will receive the AIMBI conference rate of \$120 a night for a single and \$135 for a double/twin. This includes breakfast every day of your stay.

There are several room configuration options. If the superior rooms are not available (there are only 20) then you should book online because it is cheaper. Wotif has good bargains.

(Search Australia/Gold Coast/Coolangatta)

To book a conference allocation via email **conferences@greenmountresort.com.au** or call **+61 +7 5536-1222 Quote reference # 25660**

If there are no more superior rooms left in the conference allocation please book through a hotel booking company like Wotif.com. **(Search Australia/Gold Coast/Coolangatta)**

Two other options that we recommend

Outrigger Twin Towns Resort

Twin Towns is a casino but the hotel is not near the casino. It is very comfortable and high quality. The beds are excellent and are replaced frequently. This is a very good quality four star hotel. One line prices are around \$150, including breakfast. You get a lot more luxury for an extra \$30 a night.

It is just over five minute walk to Greenmount. Rooms above the street might be noisy.

Check them out on

<http://www.twintowns.com.au/>

It may be cheaper to book through a hotel booking company like Wotif.com.

(Search Australia/Gold Coast/Coolangatta)

Oaks Calypso Plaza Resort

We can also highly recommend this hotel. Many of the units are apartments with well equipped kitchens.

We would recommend this option if you are bring a family and want to cook for yourselves to save money. The rate is between \$160- \$200 a night.

Definitely pay the extra money for a pool side room. The street can be noisy at night.

Greenmount Resort

A review by Heather Matthews

The Greenmount resort was the Queen of the southern Gold Coast. The dream for honeymooners.

It fell on hard times and became quite run down. A few years ago they decided not to pull it down but to renovate it bit by bit. Much of the renovation is complete. But Greenmount Resort is NOT a luxury hotel.

Greenmount is a three star hotel.

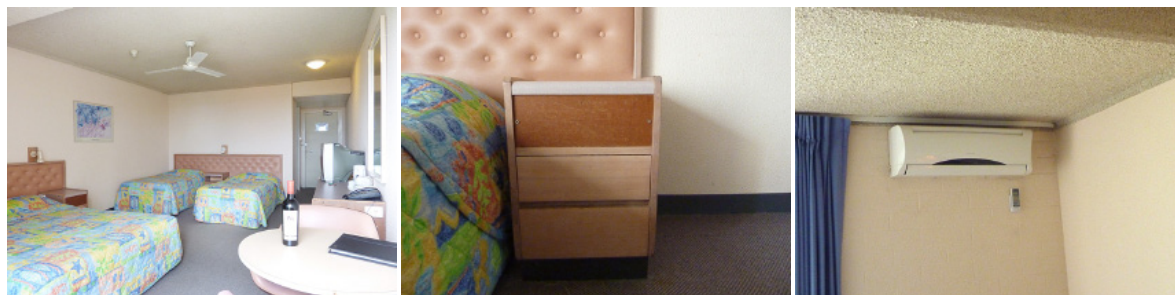

There are two types of rooms, superior and standard. The superior rooms are at the top of the three star range and the standard rooms are closer to the bottom.

I recently stayed in a standard room; they did not know I was coming. For my tastes it was perfectly adequate. I am including some photos of the worse bits in that room so you can make up your own mind. I have paid much more for a motel in much worse condition.

The bed was comfortable but my husband said he agreed, but found it on the soft side. If you need a therapeutic bed I would consider some of the luxury hotels near-by.

Please read online reviews. There are some bad ones but all my experiences have been good.

Pictures of a standard room showing some worn fittings

The rooms and toilets were clean but some of the fittings were a bit worn.

One very good thing is that the hotel is almost on the beach, surrounded by park land and away from the main street. It is very quiet at night.

All the rooms are \$120 a night for a single and \$135 for a double/twin, which includes breakfast. There are twenty superior rooms and a large number of standard room. This rate is very good value for the superior room (the rack rate is \$215). There are only 20 superior rooms.

BETTER BARGAINS ON LINE

Once all the conference allocation for superior rooms is used you should book online, as there are more superior rooms. They will be the same price or a bit more.

The standard rooms are CHEAPER on line. A standard room is only \$105 a night and if you book three nights at \$90 a night you get five nights. Wotif has good bargains.

There are lots of accommodation options within a few minutes walking distance of Greenmount. We also recommend Outrigger Twin Towns Resort and Oaks Calypso Plaza.
